THE COMMITMENT?

As the title suggests **LAIG** is an innovation group ready to push corporate communications, engagement, health and wellbeing in a new and exciting direction.

We are committed to a programme of regular Podcasts and Interactive Webinars and we would love you to be involved. Phase 1 is a 6 month duration commencing September 2020.

We won't expect you to be present for all events but in our experience, innovation comes from engagement.

If you are up for it, we ask for an open mind, a positive outlook and a willingness to experiment. These are the things that make a difference.
